Pupils From Model School Teaching in Different Grades.

The students of the Normal school who are in training at the model school have been transferred to different grades. Those who have been teaching in the lower grades have been changed to the higher and those of the higher grades to the lower grades. This is to be give them experience in teaching both higher and lower grades. The students teach all grammar school subjects under the supervision of trained teachers. This training is of great advantage to them and when they go out to teach they are well qualified.

The list of students and the grades

they are teaching follow:

Any remedy that sells to the same people over and over again is known by the druggist as "a good repeater." Many stomach remedies that are merely artificial digestants of the fermenting food in the stomach come in this class. The people come back for more. At first one pill gives prompt relief, then as the stomach further weakens, two or three pills are needed to end distress, and the stomach demands them after every meal.

Better and safer results are obtained by using a remedy like Mi-o-na Stomach Tablets, which not only help the stomach digest its food, but also work to tone and build up the stomach so that soon it can do its own work without pills or medicine.

Mi-o-na is harmless and while it may not sell so long or as fast to its users as do stomach remedies that digest the food alone, it is because it fixes up the average stomach so well in a lew weeks that medicine is no longer needed.
